

Group 1: Inflammation and Immunity

P10 Mathias Hochgerner

Group 2: Immunology and Allergology

P25 Magdalena Billerhart

Group 3: Molecular Signal Transduction

P32 Ada Petre

Group 4: Cell Communication in Health and Disease

P43 Carmen Stecher

Group 5: Endocrinology and Metabolism

P62 Tamara Casteels

Group 6: Molecular Mechanisms of Cell Biology / Cardiovascular and Pulmonary Disease

P69 Sophie Edtmayer

Group 7: Molecular Drug Targets/ Regeneration of Bones and Joints

P91 Viktoria Hadschieff

Group 8: Disease Development / Tumor biology

P101 Barizah Malik

Group 9: Preclinical and Clinical Research for Drug Development / Organ failure-, replacement and Transplantation

P112 Petra Aigner

Group 10: Molecular Mechanisms of Cell Biology & Regeneration of Bones and Joints & Preclinical and Clinical Research for Drug Development & Integrative Structural Biology

P127 Lena Artner

Group 11: Regeneration of Bones and Joints & Cardiovascular and Pulmonary Disease

P144 Marian Fürsatz

Group 12: Cardiovascular and Pulmonary Disease & Vascular Biology

P155 Petra Szabó

Group 13: Vascular Biology & Clinical Neurosciences (CLINS) & Neuroscience

P168 Philipp Moser

Group 14: Neuroscience

P188 Manuela Paunovic

Group 15: Neuroscience

P196 Sonali Reisinger

Group 16: Neuroscience & Biomedical Engineering & Medical Informatics, Biostatistics & Complex Systems

P209 Filip Mivalt

Group 17: Medical Informatics, Biostatistics & Complex Systems & Medical Physics & Public Health

P225 Elisabeth Salomon

Group 18: Public Health

P238 Benedikt Sagl

Group 19: Mental Health and Behavioural Medicine

P244 Branka Milic
